About the course:

Have you ever wanted to try a different bobbin lace? If so, come along to Anna's 'Try Something Different' weekend!

Prior to the course, Anna will discuss with you your lacemaking experience and requirements. This will allow each attendee to have individually tailored projects.

Anna has been making bobbin lace since the mid-1970s and teaching for over 40 years. She started her lacemaking journey with English laces, then started learning Continental laces, although never leaving her roots far behind. She has been taught over the years by many of the great tutors, both here and abroad. When asked what is her favourite lace – it's always the one she's working on at the time!
